	The new 2005 Ford GT has been reborn as the Centennial Supercar for Ford. The concept version was unveiled at the 2002 North American International Auto Show. The first 3 production GT's were delivered to Ford's Centennial Celebration in mid 2003. The original Ford GT 40 was built as a race car to win the legendary Le Mans, in the 1960's, and this new 2005 Ford GT carries on the legend. The Ford GT is equipped with a standard 5.4 Litre mid-mounted V8 supercharged engine, that can achieve 550Bhp and can reach speeds of up to 200mph. A true Legend!

An Introduction to **SPOT-ON** models

In 1959 the firm of Lines Brothers, introduce their first diecast model vehicles. The "Spot-On" models were made in 1/42 scale instead of the usual 1/43 scale, so that when they were compared to contemporary Dinky or Corgi toys, Spot-On models were larger. From the start they were fitted with windows and seats - fairly unusual at the time. Every perfect miniature is a collector's item, and justly deserves pride of place in your collection.

In 2008, Axel and Gregory Fischer decided to revive the Spot-On range and will present classics and new models.

77056	THE UPPER DECK COMPANY – THE MINI CARD COLLECTION - This is a 45 card, limited edition set dating from 1996. It has a certificate in the form of the classic Mini dashboard, with the certificate number printed as the mileage. There is a large card showing the famous Issigonis sketch to show the concept of a front mounted transverse engined car. The card is etched with the signature of Sir Alec Issigonis. There is another large card showing the 1959 car colour choices, which looks like a copy of the original Austin Morris brochure. The 45 collector cards detail the many variations of Mini, the Moke, Pininfarina, Countryman etc. The cards show trivia and are very good quality, with excellent photos – SPECIAL OFFER.	£3.99 each.
