H4422	Citroen Xsara WRC - Astra (Red) - T.Gardmeister - 2006 Rally Acropolis	July 2007	27.99
	The Acropolis Rally has a huge history within the rally world, combining high speeds with hard breaking on a gravel surface, the ultimate test of driver and car.		
	The 2006 Acropolis Rally Toni .Gardmeister finished a well deserved 4th Place.		
H4426	Citroen Xsara WRC - OMV Kronos - D.Carlsson - 2007 Rally Sweden	July 2007	27.99
	The Uddeholm Swedish Rally is notoriously difficult with being on a snow surface.		
	Carlsson had a difficult task with being in a completely new car to him, with barely 100 kilometres of testing prior to the rally, so was very satisfied with being placed 5th.		

	1/18 MODERN RALLY		
H4381	Subaru Impreza WRC - P.Solberg / P.Mills 2006 Rally Monte Carlo		27.99

Sunstar - Chrono diecast model.	CH2904	RMC 1453 - 453 CLT: The Original Green Line Routemaster Coach Following the successful trial of the prototype CRL4 (Coach Routemaster Leyland) which had entered service on 9th October 1957, it was announced in the summer of 1961 that 68 double-decker Routemaster coaches were to be purchased for Green Line Coaches, the long distance division of London transport which operated limited stop services to central London from towns such as Guildford, Harlow, Hatfield, Hertford, Romford and Windsor. Apart from the distinctive Lincoln Green livery, the main differences from the standard Routemaster were the double headlights, enclosed platform with electrically operated double jack-knife doors, and the narrower, combined route number and via blind box. To accommodate more luggage on the longer distances, luggage racks were fitted above the seats, the platform luggage compartment was enlarged and the seating was re-configured to seat 57 passengers. RMC 1453, the first of the series, was delivered on 28th June 1962 to Hertford garage and was featured in the official photographs used in the advertising of the new service. Before entering service, its unladen weight was marked as 7 Tons 12 Cwt 2 Qrs. 1:24th SCALE, Limited Edition of only 5000 plus numbered certificate – NOW IN STOCK.	A few now back in stock @ £124.99
Sunstar - Chrono diecast model.	CH2905	RM 686 – WLT 686: Vernon’s Pools The traditional red double-decker bus is still one of the most recognizable symbols of London, but during the 1970’s, many colourful decorations were also to be seen on the streets of the capital. Although advertising had long been a feature of London buses, in August 1969 the first bus was completely decorated with an advertisement. Recognising the potential increased revenue, London Transport then embarked on a programme which was to see 28 different designs of “all-over” advertisements by April 1976. A few more followed in the 1980’s, but the novelty and impact had declined and they were phased out. RM686 ran in the colourful Vernon’s Pools livery between August 1972 and September 1974, during which time, the prize money was increased several times. It is modeled on route 18 out of Stonebridge garage in 1974. Vernon’s Pools - £250,000 adverts, BAKER STREET STATION destination, blue/cream, HIGHLY DETAILED MODEL, massise side decals, 1:24th SCALE, Limited Edition of only 2999 plus numbered certificate	£94.99

Sunstar - Chrono diecast model.	CH2906	<p>SRM 25 – 850 DYE: Queen’s Silver Jubilee – Woolworth</p> <p>To mark the Silver Jubilee of Queen Elizabeth II and Prince Philip in 1977, London Transport painted 25 Routemasters, one for each year of her reign, in a highly appropriate Silver Jubilee livery. The silver livery included a specially designed logo which combined a crown device with the silhouette of the dome of St. Paul’s cathedral. The exclusive advertising rights for each vehicle, which was re-numbered SRM1 to SRM25, cost £ 10,000. Each bus was fitted with a special red 100% wool carpet which featured the Silver Jubilee logo, the Woolmark logo and 1952, 1977 and the initials E R placed around the London Transport roundel, and this carpet has been faithfully reproduced in our model of SRM25. Before re-numbering, SRM25 was RM1850, on of the second batch of 175 Leyland-engined Routemasters delivered to London Transport between January and July 1964. Consequently, a replica of the Leyland 0.600 9.8 litre power unit is to be found beneath the bonnet of our model, We have reproduced SRM25 as it operated out of New Cross garage with its patriotic Woolworth advertising on route 1 to Oxford Circus, the heart of London’s West End shopping area.</p> <p>OXFORD CIRCUS destination, silver, HIGHLY DETAILED MODEL, 1:24th SCALE, Limited Edition of only 2000 plus numbered certificate.</p>	£94.99
Sunstar - Chrono diecast model.	CH2907	<p>RM 2191 – CUV 191C: Shillibeer – Watney’s</p> <p>On 4th July 1829, George Shillibeer started to run a single horse-drawn carriage between Paddington Green and Bank on a three-hourly basis with a flat fare of one shilling. The vehicle was called an Omnibus (Latin: for all), a name which later became abbreviated to bus, and is considered to be the origin of what was to become London Transport. As a result of the popularity and additional advertising revenue of individually decorated buses, twelve Routemasters were painted in dark green and yellow, similar to the original livery used by George Shillibeer, as part of the celebration of the 159th anniversary of bus operations in London in 1979.</p> <p>Of the 12 Shillibeer Routemasters, we have chosen RM 2191 because of its very appropriate advertising, Watney’s London Bitter, and have modeled it as it first ran on route 9 out of Riverside garage in Hammersmith from 3rd March to 1st June, before being transferred to route 77A/77 out of Merton and then route 137 out of Gillingham Street, Victoria.</p> <p>MORTLAKE GARAGE destination, green/cream, HIGHLY DETAILED MODEL, 1:24th SCALE, Limited Edition</p>	94.99
